### **Note:**

A business day is any day on which payment service providers that are involved in performing payment transactions maintain business operations required for conducting payment transactions. The bank maintains business operations required to perform payment transactions as follows:

Payment process	Business day
Funds transfers, payments from direct debits to the payment recipient	All business days except Saturdays, 24th and 31st of December, business days on which the account holding branch of the bank is closed due to special local circumstances, and that have been declared with sufficient advance notice in the public areas of the branch office.
